SPORTSWEAR

GIVING NEW INSPIRATION, FINDING INNOVATIVE SOLUTIONS, AND ALWAYS KEEPING PACE WITH THE TIMES: IT'S WHAT SETS OUR TEAM AT HEAD SPORTSWEAR APART. THAT'S WHY WE HAVE SOME NEWS UP OUR SLEEVE FOR THE 2021/22 SEASON.

Our collaboration with skiing icon Lindsey Vonn is being expanded. The jointly developed women's Legacy line is growing, bringing the it-piece for next winter with the limited-edition Diana overall. We'll be using the same logo, our iconic 3D Rebel logo, for our main Rebels and Performance lines from 21/22 on. In addition, our specially developed IAM membrane with a 20,000 water column and a breathability of 20,000 g/m<sup>2</sup>/24h will be used across the board. That's just a small taste of what you can expect on the next pages.

Sporty greetings and a successful season!  
Your HEAD Sportswear team

Roman Stepek  
Vice President Sportswear

WINTER 2021/22

**OUR COOPERATION WITH SKIING ICON LINDSEY VONN IS GOING INTO THE NEXT ROUND! THE LEGACY LINE MAKES A STATEMENT ON THE SLOPES WITH FASHIONABLE SILHOUETTES, INNOVATIVE MATERIALS, AND UNPARALLELED WORKMANSHIP.**

Key pieces include voluminous down jackets and vests combined with skin-tight jet pants and stirrup pants. For the first time, a technical ski outfit has been integrated into the line that meets the highest performance demands. The highlight of the line are the Diana overalls, limited to 75 pieces worldwide, an homage to the HEAD ski overalls worn by Princess Diana in the 80s.

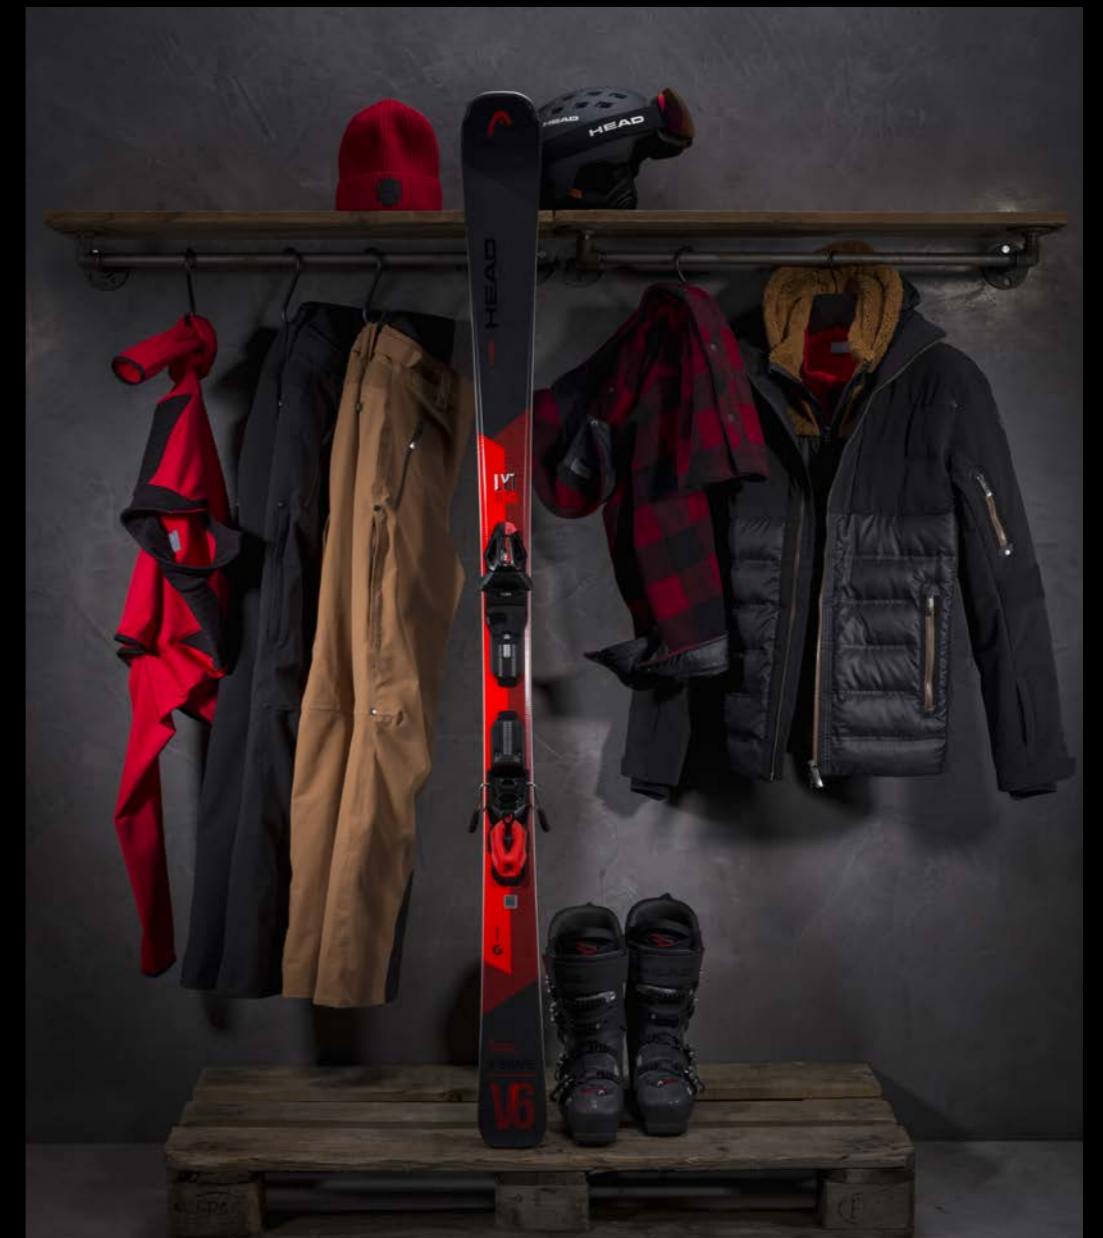

Cuddly soft merino-cashmere sweaters and silky, shiny body-suits, created in collaboration with the traditional lingerie brand Wolford, make the unique legacy look possible even off-piste. The line was designed and developed in Los Angeles and Kenelbach, manufactured in Italy. The Legacy line is couture for the ski slopes.

*Lindsey Vonn*

**DEVELOPED FOR THE MOUNTAINS, FOCUSING ON THE SPIRIT OF THE TIMES. THE TOUGH, CASUAL LOOK OF OUR REBELS LINE WILL CONTINUE TO CONQUER BOTH THE SLOPES AND THE STREETS IN THE COMING WINTER. WITH THESE STYLES, WE SHOW OUR LOVE FOR DETAIL AND TAILORING ONCE AGAIN.**

Eye-catching seams, rivets, and buttons with our Rebels logo, a slightly firmer fabric, and trendy colors underscore the line's fashionable biker look. The ladies combine black with yellow, and a warm tobacco tone brings a completely new look to the ski slopes.

For the men, we use a subtle crinkle camo print in black/gray. In addition to white, black, red, and tobacco, a fashionable olive green complements the Rebel color card. Warm fleece jackets and vests are combined with loose-fitting ski jackets and pants. Voluminous XL coats, down bomber jackets, and padded flannel shirts skillfully bring the Rebels look from the slopes into everyday life.

# PERFORMANCE

**THE PERFORMANCE LINE IS OUR MOST VERSATILE, WITH A CLEAR FOCUS ON HIGH PERFORMANCE MATERIALS AND A SPORTY LOOK. BRIGHT COLORS AND STRIKING COLOR BLOCKS SET THE TONE ON THE SKI SLOPES.**

Light insulation jackets and vests are combined into ski jackets, creating a varied layering look. Especially for the men, embossed diamond artwork is used for the first time across the entire line: from the fabric of individual jackets to zipper and tape design. The ladies will turn heads in two modern takes on flower prints.

The color chart includes the classics of white, black, red, and blue, as well as statement colors such as pink, purple, and yellow. For men, bright shades such as lime and turquoise set accents. This line whets the appetite for skiing and gives everyone the opportunity to create their own individual style: sporty, fashionable, or fancy, the ideas are limitless.

**THE RACE LINE REFLECTS THE HEAD DNA - SKI RACING. THIS IS WHERE WE APPLY OUR CORE EXPERTISE AND MAKE CLEAR STATEMENTS. WE DESIGNED THIS LINE FOR ALL AMBITIOUS SKI RACERS.**

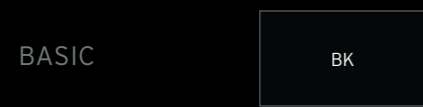

Matching the designs of the skis of the same name, ski racing suits in the iconic race colors of white, black, gray, and sulfur form the core of the line. The highlight for the coming season is our collaboration with the Vorarlberg-based street artist Domingo Mattle.

The former breakdance world champion and graffiti artist designed a print that will be used on our race suit, as well as a race jacket and vest. Padded jackets, race pants, and shorts provide an extra helping of warmth. And thanks to a selection of casual hoodies, shirts, caps, and hats, the racing look can also be celebrated on the street.

COLOR CONCEPT

## INTELLIGENT APPAREL MEMBRANE

High-performing, intelligent membrane designed to optimise breathability and comfort performance. with a breathability of 20,000 g/m<sup>2</sup>/24h and a water column of 20,000mm, the membrane offers reliable water resistance and unique climate management. form to yours.

## MOISTURE TRANSFER MICROFIBRE

High-performing microfibres transfer sweat to the surface of the material. form to yours.

## PRIMALOFT®

Well-known for highly technical microfiber insulations and down alternatives, primaloft is our main partner to keep our customers warm. primaloft provides excellent durability and reliable performance. form to yours.

## TECNOSTRETCH

High elasticity is often the basis of a comfortable fit in performance sports apparel. with tecnostretch by italian premium manufacturer pontetorto, you can be certain your favorite thermals keep their shape and form to yours.

## TECNOPILE

One of the most innovative fibers from italian premium manufacturer pontetorto. supersoft touch, reliable insulation, and great moisture-transfer: perfect for our layering pieces.

## SCHOELLER

We use schoeller®-wb-400 softshell fabric for our jet pants and le blanc pants. This fabric is characterized by perfect weather protection, wind-deflecting and hydrophobic properties, good breathability, and high elasticity. In addition, it's pleasantly soft on the inside, ensuring pleasant wearing comfort.

## CERASPACE™ TECHNOLOGY

For edge protection on the inside leg of the pants, we work with ceraspace™ technology from Schoeller. It has outstanding protective properties. The special ceramic material used is almost as hard as diamond. In a direct abrasion test comparison with the highest quality leather, ceraspace™ clearly performs better.

## REAL DOWN

Our down is obtained as a byproduct of the food industry and does not come from live plucking or force feeding farms. We communicate this through an extra card attached to the corresponding products' hangtags.
